## On the Steps of Magick

In the JoS main we have the instructions of the steps of magick, primarily, raising and directing the energy. The above is simply how every magick works. **Magick however when one understands it, becomes a conscious process, compared to people who do this unknowingly.**

Quite a few people can be natural magicians, ie, they have strong willpower or do in ways such as obsessing over a topic - **they raise energy and direct it with their thought.** Intention in magick is *everything*, and most important than even *the technique*.

Rituals that we do work upon these basic principles, as does every other form of magick. What is important to understand, except of the act, *is one's intention*.

Affirmation is essentially to help to guide one's intention and energy to the desired goal. Affirmation can be also tied into visualization, **but above all**, intention.

A simple explanation would be for example, you want to achieve an X situation such as healing. You have to raise the appropriate energy, and guide it, with affirmation and visualization. Your intention to heal is shown in this act, and the affirmation is the guiding force to anything that you raised.

All these states have to be on the correct place for magick to work. For example, if you keep raising energy **but not direct it**, then it will dissipate itself, like a torrent of water without direction.

Not all magick works in this way, **but every magick** is based upon this very basic principle.

Another example would be the Final RTR. The Final RTR is creating *the reverse sound of an energy*. Modern technology and sound insulation works exactly in the same way.

Modern electric cars like Teslas, **do record with a microphone noise on the outside, and copy this frequency while they effectively use it to play the exact counter frequency to nullify the sound from reaching the car.** The result is total silence, as if the primary sound [that which is heard outside the car] simply stops existing.

This is decided by the brain which uses the intermediary reversed frequency with the intention of blotting out the sound. Existence as a series of correlations, can be made void.

If one could play your life through a gravitational field in reverse, you would return to your mothers womb, and before this, your physical *"existence"* would no longer be. The light would return to the source. This is why also, in deep supernal teachings, *"Light returns to the source"*. The "source" is associated with darkness or non-light. Creation happens from **the aether**, focused outwards with creative intention. In retrospect, destruction happens in the reverse motion. That is one way to destroy.

All magick that is done is natural, and based on nature. All of the universe is based on vibrations. Vibration of a specific wavelength manifests itself as light. *"Silence"*, manifests itself as *"nothingness"*, but there is no actual *"silence"* in the observable universe, nor above nor below. Silence is achieved when a specific waveform stop existing.

On the very advanced level of magick where these things are sensed, magick can become more elaborate and move further than these basic steps, but it **never** escapes these basic fundamental laws.

**When one does magick, they should know, that they are utilizing a "supernatural" force, but that even this is within the knowledge and wisdom of nature.**

## White Race Awakening

- 1 Either write or carve the following Runes: Óðal [Ödhal], Sól [Sowilo] and Óss [Ansuz].  
  
If someone cannot carve or write the Runes, or consecrate with blood, just very intently vibrate these and it should be perfectly fine! The Runes can be carved into wood, or written on paper. If you carve the Runes, vibrate each Rune while you are carving it.
- 2 To increase the power of the Runes, when performing this ritual for the first time, you can stain them with your blood. Given the dire situation of our race, this ritual needs all the power we can give it. If staining in blood, this should only be done one time. You should be continuously vibrating the name of the Rune when staining it.
- 3 There are different ways of vibrating the Runes. Feel free to use whatever suits you.

Awaken all of our White Aryan People to the Jewish menace that works to destroy us. Incite our White Aryan People into action. Instill our White Aryan Ancestral Pride. Awaken our White Aryan Brothers and Sisters to the Menace of Christianity, Islam, and related Jewish programs so that they all may be completely and thoroughly destroyed forever. ## Reverse Blood Sacrifice [Genesis 9:5]

- 1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time.

This ritual is extremely important as it reverses:

- 2 **[Genesis 9:5]** I will surely require your blood of your lives. At the hand of every animal I will require it. At the hand of man, even at the hand of every man's brother, I will require the life of man.

- 3 This is the first in endless repeats regarding living blood sacrifices to that monster YHVH. Parasitic aliens require blood and the life-force of humans and animals alike. This has incited wars of all kinds [most instigated either directly or indirectly by Christians, Muslims, and Jews] and resulted in bloodbath after bloodbath of which parasitic human-hating aliens reap the energies. The Jews as we know have a long and ugly history of sacrificing innocent Gentile children on their holy days. By repeating this ritual, this will work to put an end to this hideous practice and deprive the Jews of their favor and power in the eyes of their so-called "God."

- 4 The words below are to be vibrated. The more people we have who will be doing this ritual, the better, as there is both strength and power in numbers.

- 5 Many of the words below are guttural. This means many syllables are vibrated in the back of the throat. Just do the best that you can. Become familiar with the words [an MP3 file with the pronunciations can be found at the end of the page for guidance], as much as you can before performing the ritual. This ritual may also be done as often as you like, and is a very good cathartic when you feel anger and hatred towards the enemy. Many of the words below are guttural. This means many syllables are vibrated in the back of the throat. Just do the best that you can.

- 6 Raising your energies before the Ritual is advised. [Click here for energy raising rituals.](#)

Pour your blessings on us all, your loyal followers and dedicated followers, bonded by blood, shower us with your power and eulogies!*

*On this most important night, the Night which belongs to you, O Satan, our loyalty is tried and tested. Our Loyalty is true. ## Killing Tetragrammaton

- 1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time.
- 2 This is to be combined with the Final RTR, at the end of this. So one does their regular RTR as they always do, then after done, they start doing the ritual below. There is no need to increase any of the numbers of this ritual. They should be left as is for maximum effectiveness.
- 3 The erasing of this will happen as follows. One has to keep in mind or focus on the picture here. It is based on this, that one will be doing the destruction. This is to be done exactly after one is finished in doing the RTR and finished the affirmation of the Final RTR.
- 4 To get in less details for this to be less complicated, this below is just napalm. Explaining in elaborate fashion why this is as it is, should take half a book. It must be done consciously, and remember, the intent is to finish this off and eternally make this devoid of any form of existence.
- 5 Erase each row one letter at a time, starting at the left. As with the Final RTR, repeat the vibrations for each letter, blot it out, then move on to the next one. Repeat the vibrations 3 times each for the first row, 6 times for Row 2, and so on. After blotting out each row, with intense focus, feel and know that the letters are dead.
- 6 Raising your energies before the Ritual is advised. [Click here for energy raising rituals.](#)

Complete

Affirm the following sentences 10 times:

[After blotting out the whole triangle, for a few seconds, focus intensely in the silence of your mind on the knowledge that all of this "tetragrammaton" is gone permanently.]

*The Hebrew Tetragrammaton in all it's symbols and permutations is now dead, devoid of power, and permanently destroyed in all dimensions of existence.*

*All Jewish spiritual force is permanently dead and banished from this world and all worlds.*

*The spiritual veil of hebrew magick and consciousness covering this world is permanently lifted, dead, and devoid of any and all power and influence.*

 Ending

Complete

Then end the ritual with:

**AUM**

**HAIL SATAN!**

## Curse Israel [Genesis 12:2-3]

1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time. This ritual has already been done, but due to the weekly Torah readings repeating themselves every year beginning on the Jewish holiday of Yom Kippur, which is the Jewish New Year, it must be done again. We are following their weekly readings and reversing and erasing the curses.

2 The words below are to be vibrated. By vibrating these words, this will remove another powerful biblical curse. The more people we have who will be doing this ritual, the better, as there is both strength and power in numbers.

3 Many of the words below are guttural. This means many syllables are vibrated in the back of the throat. Just do the best that you can. Become familiar with the words [an MP3 file with the pronunciations can be found at the end of the page for guidance], as much as you can before performing the ritual.

4 This ritual may also be done as often as you like, and is a very good cathartic when you feel anger and hatred towards the enemy. Just do the best that you can.

5 Raising your energies before the Ritual is advised. [Click here for energy raising rituals.](#)

## Shattering Jewish Soul Protection

- 1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time.
- 2 This Ritual is one addition to the other parts of the Final RTR Ritual [Killing Tetragrammaton and Killing the Hebrew Alphabet]. Specifically this ritual will destroy all their defenses and rip them apart, to make other rituals work even more powerfully.
- 3 The ritual has been created out of secret texts of the enemy, which they have shared only to their closed circles, and is extremely devastating as it should be.
- 4 Raising your energies before the Ritual is advised. [Click here for energy raising rituals.](#)

### Below will be instructions for the doing of this ritual:

1. In the picture provided, there are arrows. These show direction.
2. One starts from the first word [EE-AAHN-OH-DA], vibrates it in reverse with hate and intent to destroy it, then blots out the first square. After the blotting, one must focus on the fact this has been destroyed permanently.
3. After this, one moves into the first triad, which is to be done x6 times for each name [LAH-EH YOH-HAH], [LAH-EH YOH-HAH], etc, then [LEH-AH FAH-RR], [LEH-AH FAH-RR], etc. After these triads are completed, the letters are blotted out, and one proceeds to the next triad in the same way.
4. When all of the triads are done, one goes on the center, and does x6 times the two longer words, blotting them out similarly, finishing these squares.
5. Vibrate [MEE-DU-EH-EEYY] and blot out the Jewish Star, reversing it's word.
6. Chating [EE-AAHN-OH-DA] once, and proceeding with the destructive affirmation for all of these to finish them off.

### Affirm

Complete

Affirm the following sentences 3 times:

*The spiritual protection of all Jews and rabbis is permanently dead and erased.*

*The protective angels and thoughtforms of Jews are now permanently dead and erased.*

*Jews are defenseless from any and all sides, and in any and all worlds of existence.*

*All hate, psychic attacks, and negative karma has manifested fully on the Jews and the Jewish people.*

*Jews are completely defenseless against Satan and His Demons.*

*The Soul of Egypt has overpowered that of Judea. The soul of Judea is crashed, destroyed and shattered in all levels of existence, now and forever.*

*All jewish plans of world conquest have failed, and the Jews have been defeated completely and permanently.*

### Ending

## How do RTRs work?

**These rituals work to destroy the enemy and remove all their existence and spiritual foundation.** The ritual is a masterful work of occultistic knowledge that follows spiritual and magickal laws to have maximum function.

It is **not Hebrew, is the opposite of Hebrew.** It's meant to delete Hebrew, devoid it of any spiritual power and destroy all associated curses of it. This will collapse the whole astral foundation of the enemy, and then all their material foundation will collapse on itself, since it's all upheld by these occultic forces.

**Recommended:** [On the Steps of Magick](#)

The occult principle behind the rituals is the creation of a counter-vibration to the vibration the Hebrs are creating, **effectively blotting out theirs from the astral plane and causing the opposite effect of what they intent.**

This is how modern insulation auditory technology works: **the sound is absorbed from the environment, and in the internal place a counter-sound is played, creating silence.** This removes and blots out the "Hebrew" and it's spiritual power from the astral realm. This destroys the enemy and their creations, leading them directly into demise.

Mathematically, the principle would be explained as +1 plus -1 equals 0. **In this case, the normal Hebrew and it's reversed counterpart, equal null and void.**

Additionally, the RTR's also impose the affirmation that not only these things are gone forever, but the intention of destruction is generated on top of this newly found void, creating direct destruction for the enemy.

## Reverse Shema Prayer

- 1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time.
- 2 The Shema prayer is the one of the most important prayers of the enemy. The scroll of this prayer is placed inside in the little black cubes [tefillin, prophylactics] the enemy wears upon their foreheads and arms and also inside the mazzuzas they have on their doorposts.
- 3 The prayer is very lengthy and recited daily. This RTR only includes the first two lines, as they are the most significant. The remainder of the prayer is irrelevant. Azazel instructed me on this.
- 4 Raising your energies before the Ritual is advised. [Click here for energy raising rituals.](#)

## Kol Nidrei

1 Ritual for 12th of October 2016 and anytime thereafter.

2 Though this ritual is for the 12th of October 2016, this ritual can be repeated as many times as you wish. You can begin this ritual at any time after the 12th of October 2016.

3 The words below are to be vibrated. By vibrating these words, this will stop the Jews from blame-shifting and force them to pay for their crimes against humanity. This will destroy the enemy. The more people we have who will be doing this ritual, the better, as there is both strength and power in numbers. This ritual may also be done as often as you like, and is a very good cathartic when you feel anger and hatred towards the enemy

4 Many of the words below are guttural. This means many syllables are vibrated in the back of the throat. Just do the best that you can. Practice the words [an MP3 file with the pronunciations can be found at the end of the page for guidance], as much as you can before performing the ritual.

5 Raising your energies before the Ritual is advised. [Click here for energy raising rituals.](#)

## Terminating Jewish Financial Control #1

- 1 This ritual can be repeated as many times as you wish.
- 2 This ritual consists of 2 parts, this is the first part and each part complements the other. They can be performed either together or separately, as your time permits.

The words below are to be vibrated. By vibrating these words, this will put a stop to the Jewish control of wealth and finances and shift this power to Gentiles. This will put a stop to a lot of corruption in the world. These yearly Torah readings keep Gentiles cursed and bound so that Gentiles cannot see the truth and the populace remains brainwashed and under the control of The Invisible Jewish Empire. These rituals are destroying the enemy. The more people we have who will be doing this ritual, the better, as there is both strength and power in numbers. This ritual may also be done as often as you like, and is a very good cathartic when you feel anger and hatred towards the enemy.
- 3 Many of the words below are guttural. This means many syllables are vibrated in the back of the throat. Just do the best that you can. Practice the words [an MP3 file with the pronunciations can be found at the end of the page for guidance], as much as you can before performing the ritual.
- 4 Raising your energies before the Ritual is advised. [Click here for energy raising rituals.](#)

JOS RITUALS

JOS CLERGY • 9 MIN READ

## How does the JoS Rituals work?

JoS Rituals basically works to simplify complex operations. This ensures that every feature can be understood and used effectively without any effort. What we want to do here is to give Satanists the tools they need and not impose any mental load as the cost of these tools.

Every feature in JoS Rituals is self-explanatory and easily understood. Nevertheless, in order to emphasise some things, in this article you will find the use of some of the features on the site.

### Language Switch

This feature will be added at a later date, with an easy method for translators to translate each page to their own language.

### Schedule

The schedule section will automatically update itself when a new ritual schedule is published. Here you can see between which dates the programme will be active, how many days it will last, which day you are on and after how many days it will end.

A to-do list with the rituals you need to do that day will be right in front of you. This list refreshes itself every day and automatically switches to the next day's rituals. So you don't have to visit the forum topic again and again.

There will also be a ritual routine outside the schedule, which you **have to do** every day. This is also in the form of a to-do list. Any item will reset itself 24 hours after it has been marked as completed.

Items checked in the to-do list remain even if the page is reloaded. Because it is saved in the browser.

So you always live on your own clock.

### Create Flow

This is probably one of the features you will fall in love with. You can simply combine the rituals you want and render them on a single page. You can select up to 6 rituals.

After creating a flow, a constant link to this flow is created and you can save this link to your bookmarks so that you can access it again at any time.

This is especially useful for Satanists who wish to perform rituals on mobile devices and slower connections. In one go, all done, you can now focus on your rituals without annoying switching between tabs.

From popular RTR flows to combining rituals from your own routines, you can unlock many different combinations.

Stay in the flow!

### Guides

The guides collect together High Priest's sermons on rituals. So you can always access the wisdom you need here.

If you don't need them, you can collapse the guides. This is also saved in your browser, so if you collapse it once, you will never have to see it again.

Be guided by higher wisdom.

## Floating Rings

All the images, runes, sigils and rings you need to focus on during the ritual have been reworked to be of high quality.

You can also see them on the **top right** of the screen during the ritual. The size can be **scaled up or down** to your liking from the customization menu at the bottom right, so **you have the luxury** of focusing on the images while still being able to see the content.

The sigils are close to the eyes and you are close to Gods.

## Painting

In some RTR rituals there is a painting system that allows you to draw letters. The painting system has been improved and is more flexible than **ever before**.

Painting behaviors are implemented with a mouse on computers. You can paint the paintable area with your mouse. On touch devices, such as mobile and tablet, there are 2 different modes:

- **Single Finger:** In this mode, an extra button appears just to the left of the customization menu at the bottom right. By clicking this button you can switch between scrolling and painting modes. If you are in scrolling mode, you can easily scroll with one finger, but you cannot paint. If you are in painting mode, then the scrolling behavior is canceled and only the painting system is active.
- **Two Fingers:** This mode is the same as before. With one finger you can only paint but not scroll. Using two fingers you can scroll the page. A more sensitive and tolerant finger detection system has been created to make the experience easier. So you can hit the enemy harder!

## Demonic Authority

- 1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time. This ritual should be done as often as you are able to. It is extremely powerful.
- 2 For people extremely short on time, you can do this 3 times, but indeed every turn takes at best 2 minutes (even in the mp3 audio it was slow so to say) and therefore the whole ritual can take around 20 minutes to 15. This ritual is extremely powerful and will be extremely stimulating.
- 3 Raising your energies before the Ritual is advised. [Click here for energy raising rituals.](#)

## Pronouncing the Ritual

Making your vibrations according to these instructions may be challenging or unusual at first. Do not worry too much about this. Do your best and it will get easier over time. Still, the better, the more effective.

**EE** is a high **EE** sound (slightly prolonged).

**I** is a cut **EE** sound.

**Y** is a **as** in the word **YOD**.

Some double syllables like **NP** or **PL**, the sound is between the two letters. **PL** (as in **PLATO**), **NP** is a vibrated **N** with a vibrated **P** stuck afterwards.

**OO** is the **U** sound.

**U** is a tougher **OO** sound (more strongly pronounced).

**TH** and **DH** are as in **THOTH**, but the **DH** is a stronger, more powerful sound, almost at the exit of your mouth.

**TH** is softer, more on the back.

**SH** is a tough **SH** as in **SHAKTI**.

**H** as a minor **CH** sound. As in **HAT** basically. Stuck vowels like **RTS** are **RRRR-TTT-SSS**, each letter vibrated individually but in rapid succession.

## FAQ about RTRs

### For The Final RTR, Killing Tetragrammaton, Shattering Hebrish Soul Protection

---

**1. Do I need to raise my energies before the ritual?**

Yes, you can raise your energies before the ritual. On each ritual page, a link to the energy raising rituals is given.

**2. Do I need to do the ritual on a specific time?**

Any time will do. The hour of Saturn for those who have the luxury is also great, but any hour will do.

RTR's are to be done everytime at 1:00:00 and at 0:00:00. You can use the clock on the home page for this.

Keep an eye out for new RTR schedules. If there is a new schedule, it will appear on your home page.

**3. What If I do not have a printer? Does that weaken the ritual?**

See #15. In fact, you don't need to print anything. For the necessary rituals, there is a painting system that allows you to draw letters directly on the device.

**4. Should I do the ritual if I am new?**

Yes, you can do the ritual if you are new.

**5. If I do not have time, can I still do the ritual?**

In severe cases of lack of time, it can still be done. With lower repetitions on each letter variation. The minimum should be 3 times. In extreme cases, 1 time will do. The affirmation must always be done 3 times.

**6. How do I dispose the paper?**

Bury it in the ground, shred it, ruin it in some way, and dispose it, if you do this with paper.

**7. How frequently can I do this ritual?**

As much as you like. It should be done daily by everyone.

**8. What does this ritual do?**

This ritual reverses the Hebrish letters which effectively reverses and ruins all the spiritual and existential system of the enemy, both on the world, and on any individual (for example, those blessed or cursed by Hebrish magick, those doing Hebrish meditation, Hebrish souls etc). It's a reversal of the very existence of the enemy in all senses. This includes the enemy in all their other occult branches also.

**9. How do the reverse torah rituals work? Is that Hebrew?**

**Recommended:** [How do RTRs work?](#)

**10. How strong is this ritual compared the ones we have done before?**

This ritual would not be possible were it not for all the efforts put in the other rituals which opened the enemy up so this ritual can be effective and applicable. The RTR's need to be kept safe regardless in some place, yet for the time being we will only do this RTR as this captures everything we need to be doing.

The Final RTR + Killing Tetragrammaton + Shattering Hebrish Soul Protection, is the most advanced RTR combination available now, and deals major damage to the enemy.

#### 11. How do I chant/vibrate the letters?

This is a matter of personal preference. You can just speak the letters, or slightly vibrate them, and the ritual would be equally effective. One should strive to have the same sounds as the MP3 file provided, but if these are not perfect, the ritual is still fully working and fully valid.

#### 12. What is the sequence of the letters?

Taking for example the first letter:

"Vibrate each the following 9 times each: VAHT • FUHT • VUHT • VUHSS • OUT • OUTH • VAHSS"

This would be VAHT (you do this 9 times), then FUHT (you do this 9 times) then VUHT (you do this 9 times), then VUHSS (you do this 9 times), then OUT (you do this 9 times), then OUTH (you do this 9 times) then VAHS, you do this 9 times.

After the above, you blot the letter.

The same sequence is done for all letters, to their name variants from left to right. When you are done blotting the last letter, you say the affirmation with conviction 3 times.

#### 13. How can I increase the impact of the ritual?

**Recommended: Usage of the Final RTR, Tetra and Shattering**

#### 14. Can I visualize the letters being destroyed?

Of course. In anyway you like.

#### 15. If I do not have a printer, and I do not have an electronic device, how can I otherwise do the ritual?

In cases where one possess only the means to read the ritual from and is in some sort of a dire situation. You do the ritual as usual, and instead of blotting out the papers or wiping them out in a paint program and disposing this, you can directly imagine the letters being destroyed in your mind.

One should try to use some means to do the ritual with a device or a paper however. Painting it over in your phone is also working fine.

## Destroying Jewish Rule & Domination #2

- 1 This ritual can be repeated as many times as you wish.
- 2 This ritual consists of 3 parts, this is the first part and each part complements the other. They can be performed either together or separately, as your time permits.

The words below are to be vibrated. They are in Greek. By vibrating these words, this will put a stop to the Jewish control of wealth and finances and shift this power to Gentiles. This will put a stop to a lot of corruption in the world. These Jewish programs masquerading as "religions" keep Gentiles cursed and bound so that Gentiles cannot see the truth and the populace remains brainwashed and under the control of the invisible Jewish Empire. These rituals are destroying the enemy. The more people we have who will be doing this ritual, the better, as there is both strength and power in numbers. This ritual may also be done as often as you like, and is a very good cathartic when you feel anger and hatred towards the enemy.

## Reversing the Curse Upon the Goat [Leviticus 16:22]

- 1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time.

The words below are to be vibrated. By vibrating these words, this puts a stop to Jewish blame-shifting to Gentiles, as these yearly torah readings keep Gentiles cursed and bound so that Gentiles cannot see the truth and the populace remains brainwashed and under the control of the Jews. This will destroy the enemy. The more people we have who will be doing this ritual, the better, as there is both strength and power in numbers. This ritual may also be done as often as you like, and is a very good cathartic when you feel anger and hatred towards the enemy.

## Cursing the 72 (((Names of God)))

- 1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time.  
  
This is THE most important and the most powerful Reverse Torah Ritual we will be doing. Because of the length of this ritual, I added in superscript, the number of each of the three letter names to eliminate confusion. The following are also divided into 4 sections; lines 1, 2, 3 and 4. Lilit explained that each of the former rituals was like "peeling an onion" in the way of stripping the enemy of their power.
- 2 The words below are to be vibrated. By vibrating these words, this will strip the Jews of both protection and power. The more people we have who will be doing this ritual, the better, as there is both strength and power in numbers.
- 3 This ritual should be done as often as you are able to, and is a very good cathartic when you feel anger and hatred towards the enemy. All you need to do is vibrate the 4 lines [72 three letter names] below at least one time, preferably three times.

## Holding the Enemy Accountable [Numbers 15:26]

- 1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time.

The words below are to be vibrated. By vibrating these words, this puts a stop to Jewish blame-shifting to Gentiles, as these yearly torah readings keep Gentiles cursed and bound so that Gentiles cannot see the truth and the populace remains brainwashed and under the control of the Jews. This will destroy the enemy. The more people we have who will be doing this ritual, the better, as there is both strength and power in numbers. This ritual may also be done as often as you like, and is a very good cathartic when you feel anger and hatred towards the enemy.

- 2
- 3 Many of the words below are guttural. This means many syllables are vibrated in the back of the throat. Just do the best that you can. Practice the words [an MP3 file with the pronunciations can be found at the end of the page for guidance], as much as you can before performing the ritual.

## Preventing Another Major War #1

1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time, but for these anti-war rituals, it is best you begin these as soon as possible, as the Moon is in the sign of Libra right now and Libra is the sign of peace.

2 The Jews have already planned another major war. If they succeed, this will be catastrophic for the entire world. Everyone will be affected, as Israel and the other major powers have missiles and other weapons that are capable of destroying the entire earth over five times, making the horrendous attacks against Hiroshima and Nagasaki look very small in comparison. Because the Jewish crimes against humanity are being exposed all over the internet, the Jews are again reacting to distract and to divert the attentions of the populace, no different from WW2, where Adolf Hitler exposed them. The result is the mass-murder of millions of Gentiles.

3 “We possess several hundred atomic warheads and rockets and can launch them at targets in all directions, perhaps even at Rome. Most European capitals are targets for our air force. Let me quote General Moshe Dayan: 'Israel must be like a mad dog, too dangerous to bother.' I consider it all hopeless at this point. We shall have to try to prevent things from coming to that, if at all possible. Our armed forces, however, are not the thirtieth strongest in the world, but rather the second or third. We have the capability to take the world down with us. And I can assure you that that will happen before Israel goes under.”

— Martin van Creveld, Israeli professor of military history at the Hebrew University in Jerusalem in an interview in the Dutch weekly magazine: Elsevier, 2002, no. 17, p. 52-53.

4 The words below are to be vibrated. The more people we have who will be doing this ritual, the better, as there is both strength and power in numbers.

5 Some of the words below are guttural. This means many syllables are vibrated in the back of the throat. Just do the best that you can. Become familiar with the words [an MP3 file with the pronunciations can be found at the end of the page for guidance], as much as you can before performing the ritual.

6 Many of the words in these rituals are guttural, symbolized by the “KH” [There is only one word that is guttural in this ritual here]. This means many syllables are vibrated in the back of the throat. Just do the best that you can.

## Serpent is Free [Genesis 3:14]

- 1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time.

- 2 This ritual has already been done, but due to the weekly Torah readings repeating themselves every year beginning on the Jewish holiday of Yom Kippur, which is the Jewish New Year, it must be done again. We are following their weekly readings and reversing and erasing the curses.

- 3 **[Genesis 3:24]** So he drove out the man; and he placed Kerubs at the east of the garden of Eden, and the flame of a sword which turned every way, to guard the way to the tree of life.

- 4 The words below are to be vibrated. By vibrating these words, this will remove another powerful biblical curse. The more people we have who will be doing this ritual, the better, as there is both strength and power in numbers. The effects of this ritual will result in a worldwide awakening through removing obstacles placed by the enemy upon the Serpent, that keep the Serpent bound. This ritual will result in many people worldwide seeing the truth.

- 5 Many of the words below are guttural. This means many syllables are vibrated in the back of the throat. Just do the best that you can. Become familiar with the words [an MP3 file with the pronunciations can be found at the end of the page for guidance], as much as you can before performing the ritual. This ritual may also be done as often as you like, and is a very good cathartic when you feel anger and hatred towards the enemy. Just do the best that you can.

## Satan's Psalm 1: Glory and Blessing For The Great Satan

The Satanic Psalms are prayers who are meant to both glorify the Gods whom they are directed to, but also open up the initiate to the spiritual forces that the Gods represent inside of them, for both self discovery and empowerment. These will grow our understanding, our bond and consciousness of the Gods.

Every Psalm is to be done three times, from end to finish, for maximum effectiveness.

## Preventing Another Major War #2

1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time, but for these anti-war rituals, it is best you begin these as soon as possible, as the Moon is in the sign of Libra right now and Libra is the sign of peace.

— **Martin van Creveld, Israeli professor of military history at the Hebrew University in Jerusalem in an interview in the Dutch weekly magazine: Elsevier, 2002, no. 17, p. 52-53.**

4 The words below are to be vibrated. The more people we have who will be doing this ritual, the better, as there is both strength and power in numbers.

5 Just do the best that you can, and become familiar with the words [an MP3 file with the pronunciations can be found at the end of the page for guidance], as much as you can before performing the ritual.

6 The ritual below has to do with the current situation in Syria, which is extremely grave right now. Please note I did not reverse the Hebrew word for Damascus, as doing so would be an annihilation and fulfill the evil biblical prophesy. Lilith led me to this verse. Christians not only incessantly recite and reinforce these most evil human-hating and life-hating verses, but they are also imbedded in the minds of a large percentage of the populace.

7 Lilith also informed me regarding these attacks against Gentile humanity, which the extent the enemy has gone to try to disconnect us Gentiles from our Pagan Gods only reveals that our Gods [Satan] are a very serious and deadly threat to this Jewish monster. The human-hating Jewish monster really fears our Original Pagan Gods.

8 The Jews have preplanned this war in accordance with their biblical prophesy and have pushed the Syrian hoards into Europe in an attempt to destroy Europe. This ritual is a working of peace. The Syrians must leave Europe and return to their own homeland. The Jewish hatred and spitefulness towards what was Assyria in ancient times is the foundation of what has been occurring over there recently.

## Destroying Jewish Rule & Domination #1

1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time.

2 This ritual consists of 3 parts, this is the first part and each part complements the other. They can be performed either together or separately, as your time permits.

3 The words below are to be vibrated. By vibrating these words, this will put a stop to the Jewish authority, rule, and control of wealth and finances, and shift this power to Gentiles. This will put a stop to a lot of corruption in the world. These yearly Torah readings keep Gentiles cursed and bound so that Gentiles cannot see the truth and the populace remains brainwashed and under the control of the invisible Jewish Empire. These rituals are destroying the enemy. The more people we have who will be doing this ritual, the better, as there is both strength and power in numbers. This ritual may also be done as often as you like, and is a very good cathartic when you feel anger and hatred towards the enemy.

4 Many of the words below are guttural. This means many syllables are vibrated in the back of the throat. Just do the best that you can. Practice the words [an MP3 file with the pronunciations can be found at the end of the page for guidance], as much as you can before performing the ritual.

5 Raising your energies before the Ritual is advised. [Click here for energy raising rituals.](#)

## Final RTR

- 1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time.

This is the Final Reverse Torah Ritual. This RTR can be performed immediately. Right now. This RTR will put an end to Christianity and its related ilk as well, as Christianity has its roots in Hebrew. This is the most important RTR. All of Jewish control and incredible wealth comes from the Hebrew aleph-bet, which has been infused with power centuries ago. The enemy has made prolific use of the Hebrew aleph-bet for centuries. We are now reversing this.

### Amdusias stated to the JoS Ministry back in 2003:

*"Just as (Jehovah's people) cannot see you, you cannot see them, but they will manifest blatantly as the earth draws closer to the climax of our cause."* This earth is rapidly being destroyed by the enemy.

- 3 We can stop this and reverse it with these rituals. One can see how they control public opinion in the news, with their control of the media and with their false, lying, nefarious programs they promote as "religions."

SPECIAL THANKS TO AZAZEL WHO ORGANIZED THIS PROJECT AND GAVE US THIS

KNOWLEDGE. Azazel stated that the former RTRs stripped the enemy of enough power to where this one will be final. There is no longer any need to do the other RTRs, as we will be destroying the power of the Hebrew letters. Begin this RTR at any time. You will use your device to blot each of the letters out, thus destroying them.

- 4

DO THIS RTR AS MUCH AS YOU ARE ABLE TO, PREFERABLY EVERY DAY IF POSSIBLE. The full RTR requires you recite each of the words 9 times. If you are very short for time, it is ok to recite these once each, for a shorter version of the ritual. It is most important to do this RTR frequently, as many times as you can. There are several different pronunciations for most of the letters, [a pronunciation guide can be found at the bottom of the page]. There is Ashkenazi Hebrew, Sephardic Hebrew, Ancient Hebrew, Aramaic and more.

- 5

Performing vibrations can be difficult at first, time is required for this [an MP3 file with the pronunciations can be found at the end of the page for guidance].

•  
AVG. 12 MIN TO PERFORM

1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time.

2 This is to be combined with the Final RTR, at the end of this. So one does their regular RTR as they always do, then after done, they start doing the ritual below. There is no need to increase any of the numbers of this ritual. They should be left as is for maximum effectiveness.

3 The erasing of this will happen as follows. One has to keep in mind or focus on the picture here. It is based on this, that one will be doing the destruction. This is to be done exactly after one is finished in doing the RTR and finished the affirmation of the Final RTR.

4 To get in less details for this to be less complicated, this below is just napalm. Explaining in elaborate fashion why this is as it is, should take half a book. It must be done consciously, and remember, the

intent is to finish this off and eternally make this devoid of any form of existence.

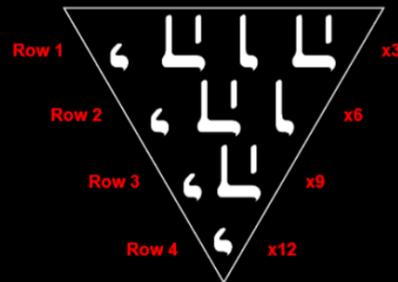

Erase each row one letter at a time, starting at the left. As with the Final RTR, repeat the vibrations for each letter, blot it out, then move on to the next one. Repeat the vibrations 3 times each for the first row, 6 times for Row 2, and so on. After blotting out each row, with intense focus, feel and know that the letters are dead.

## Shattering Jewish Soul Protection

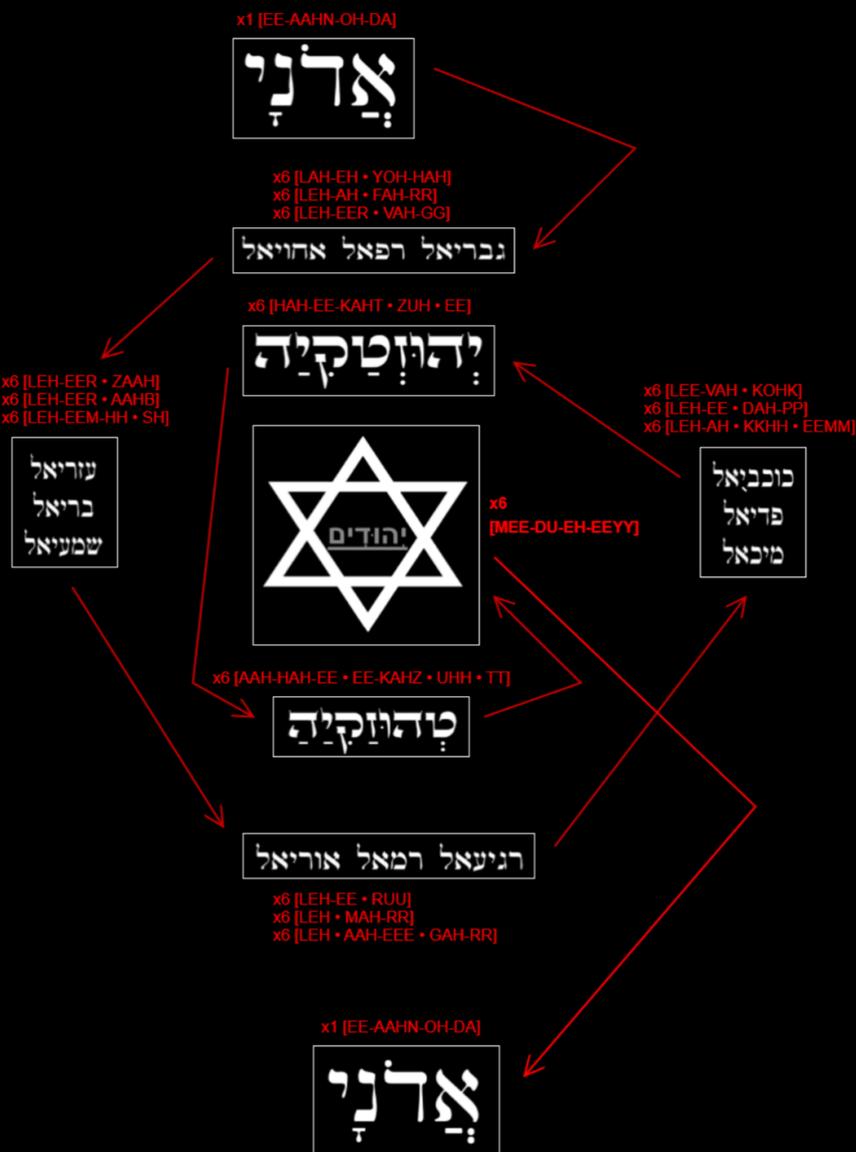

HPS MAXINE

•  
AVG. 9 MIN TO PERFORM

- 1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time.
- 2 This Ritual is one addition to the other parts of the Final RTR Ritual [Killing Tetragrammaton and Killing the Hebrew Alphabet]. Specifically this ritual will destroy all their defenses and rip them apart, to make other rituals work even more powerfully.
- 3 The ritual has been created out of secret texts of the enemy, which they have shared only to their closed circles, and is extremely devastating as it should be.
- 4 Raising your energies before the Ritual is advised. [Click here for energy raising rituals.](#)

### Below will be instructions for the doing of this ritual:

1. In the picture provided, there are arrows. These show direction.
2. One starts from the first word [EE-AAHN-OH-DA], vibrates it in reverse with hate and intent to destroy it, then blots out the first square. After the blotting, one must focus on the fact this has been destroyed permanently.
3. After this, one moves into the first triad, which is to be done x6 times for each name [LAH-EH YOH-HAH], [LAH-EH YOH-HAH], etc, then [LEH-AH FAH-RR], [LEH-AH FAH-RR], etc. After these triads are completed, the letters are blotted out, and one proceeds to the next triad in the same way.
4. When all of the triads are done, one goes on the center, and does x6 times the two longer words, blotting them out similarly, finishing these squares.
5. Vibrate [MEE-DU-EH-EEYY] and blot out the Jewish Star, reversing it's word.
6. Chating [EE-AAHN-OH-DA] once, and proceeding with the destructive affirmation for all of these to finish them off.

**Affirm**

Complete

Affirm the following sentences 3 times:

*The spiritual protection of all Jews and rabbis is permanently dead and erased.*

*The protective angels and thoughtforms of Jews are now permanently dead and erased.*

*Jews are defenseless from any and all sides, and in any and all worlds of existence.*

*All hate, psychic attacks, and negative karma has manifested fully on the Jews and the Jewish people.*

*Jews are completely defenseless against Satan and His Demons.*

*The Soul of Egypt has overpowered that of Judea. The soul of Judea is crashed, destroyed and shattered in all levels of existence, now and forever.*

*All jewish plans of world conquest have failed, and the Jews have been defeated completely and permanently.*

**Ending**

Complete

Then end the ritual with:

**HAIL SATAN!**

**Pronouncing the Ritual**

## Usage of the Final RTR, Tetra and Shattering

The Final RTR, Tetra and Shattering, are multi-purpose rituals. How dangerous they can be to the enemy, is basically limitless, or rather, limited to the skill of the person doing them. **As you become better at it, it can do more and more damage, but the point is, it will do damage no matter from which level it's used.**

Despite of being a universal weapon that EVERYONE can use from any level, there is more that can be done with these. A very regular application of these rituals as warfare, will do it's job no matter what.

However, at the hands of an adept at spiritual warfare, these can do even more **intense damage**. The amount of damage can be increased and increased with more knowledge and capability of magick put **into the ritual**.

How these are utilized for other purposes, is mainly due to **focus, intent, and visualization**. Those who are a bit ahead of meditation, will understand how these affect the reverberation of the ritual and it's direction, without canceling or interfering with the outcome of the affirmation.

It's like wanting to cut something with a knife, but you can take different routes as you are cutting - **the end result is that something is cut, but you took a different way.**

To illustrate this example, one does the Final RTR as per normal. Yet, recently, the enemy had their Eid celebration, where they do copious blood ritual. **As one is doing the ritual, this could be directed with imagination and intent [with the same affirmation and changing nothing], into a willed direction of making this crap of their's backfire, or ineffective.** And it would go through this way, straight into the intended purpose.

The more open one is, the more they will understand how this could be used. For example, as you do the Final RTR and you imagine the letters dying as per usual, you can focus them dying "above" the place where the death energy from Eid is supposed to raise. And this would make the intended double hit one wants to make.

**Another more normal example, is that you have a Hebrish pest harassing you at work or otherwise.** You do the shattering, but you can focus meanwhile that you want in your mind revenge from this specific chosenite who is a harassing individual. While the ritual will hit hard and home because of the affirmation, **the particular cursed creature will also be specially affected.**

Lastly, even when these are done in the most simple way, these will take out curses and so on, simply because of astral reverberation, and how this undoes the letters and enemy vibrations **[which are chanted and directed on people by the Hebrs]**. These will be blotted and taken out.

A more advanced method of the above, is that you do the Final RTR as done usually, yet, **this time**, you would specifically INTEND for it to remove the curses, as you remove the letters.

A visual representation of this, imagining the letters breaking from around your aura or from around your body, dying out. This can help in removing curses, which is already done, but you can also put specific focus like this.

**The Final RTR finalized and done, would be equally valid. And it still would do the intended larger purpose.**

Now, I am sure most advanced members here already have understood this or have been utilizing this, and might have utilized this already. It has also been alluded in other writings I have done before on this, but this is to clear this up.

These rituals are not only to solve the issue of the enemy, but also, to remove curses from people, keep them

safe [and keep these from manifesting by creating a disabling effect for these] but can also be directed in ways such as above.

In simplified terms, these main proponents of our spiritual warfare, are keys that open a million doors, in contrast to having a million keys for a million [of enemy curses or...] doors.

For those who have understood even more by applying and doing this warfare [you are advanced and you will know], it's better to not share more, and keep utilizing these. It's for sure that this has been happening, **which is why the enemy has been taking such serious unending beating as of late.**

And there is not much they can do, as many will be able to do this and more. To anyone having understood this, all will be clear at these points why the Gods have instructed to do these things in contrast to anything else.

Those who may be newer and the above might be "confusing" or "difficult" to utilize, do not worry at all. All will come in it's correct place eventually.

What people read in most "Kabbalah" books and other stuff, is just elementary gibberish. Most of this is to keep stronger methods hidden from other Hebrs.

Hebrish history is rife with mistreated and self destructive Hebrs wanting to destroy their own. Parasites will feast on the death carcass of anything, including another parasite, without care. It's in their nature, as they are parasitic and predatory and mercy is not known to them at all.

Us overcoming the enemy, and taking them down, is in this case, all following the same pattern and direction. We get more free, they get taken down, our influence grows, and so on. We rise collectively and individually at a related rate of forward evolution.

## Balaam's Power Ritual

- 1 This Ritual is based on vibrating the Runes and making certain affirmations. Raising your energies before the Ritual is advised. [Click here for energy raising rituals.](#)
- 2 The Sigil that is provided is the point of focus where this Ritual is upon.
- 3 The Runes that are done here, can be vibrated around the centre of the Sigil where the Shenu Protection Ring is. You can imagine this lighting up so much, like the Sun has a layer of light surrounding all of it.
- 4 Vibrate these Runes in a short version [ie, do not draw the runic vibration on a very big breath, especially for those who are new and can't do that many vibrations]. [Click here to pronounce the runes.](#)
- 5 When you affirm that the curses etc. are going back to their senders, it can help to imagine this.

Keep your gaze of judgement on top of these evil beings, who are trying to instigate genocide and bloodshed in humanity. Remove all their protection, all their tricks, bring them naked in front of the heavenly assembly of the Gods and the Demonic Host. Let all contracts they have made be null and void, let all the heavens and the earth see them for the unholy beings that they are. We have nulled their Torah and their works of lies. Let all they have ever made collapse and come down as arrows of painful destruction and desolation, let it all come down on them and then collapse on them before it all becomes non-existing, same as they. Let every blessing towards Israel to turn into a great curse that shall invite on them the most brutal and ultimate calamities. [Audio For This Ritual](#)

**Final Step**

There are no additional instructions for this Ritual.

## Final RTR

- 1 This ritual can be repeated as many times as you wish. You can begin this ritual at any time.

This is the Final Reverse Torah Ritual. This RTR can be performed immediately. Right now. This RTR will put an end to Christianity and its related ilk as well, as Christianity has its roots in Hebrew. This is the most important RTR. All of Jewish control and incredible wealth comes from the Hebrew aleph-bet, which has been infused with power centuries ago. The enemy has made prolific use of the Hebrew aleph-bet for centuries. We are now reversing this.

### Amdusias stated to the JoS Ministry back in 2003:

*"Just as (Jehovah's people) cannot see you, you cannot see them, but they will manifest blatantly as the earth draws closer to the climax of our cause."* This earth is rapidly being destroyed by the enemy.

- 3 We can stop this and reverse it with these rituals. One can see how they control public opinion in the news, with their control of the media and with their false, lying, nefarious programs they promote as "religions."

SPECIAL THANKS TO AZAZEL WHO ORGANIZED THIS PROJECT AND GAVE US THIS

KNOWLEDGE. Azazel stated that the former RTRs stripped the enemy of enough power to where this one will be final. There is no longer any need to do the other RTRs, as we will be destroying the power of the Hebrew letters. Begin this RTR at any time. You will use your device to blot each of the letters out, thus destroying them.

- 4

DO THIS RTR AS MUCH AS YOU ARE ABLE TO, PREFERABLY EVERY DAY IF POSSIBLE. The full RTR requires you recite each of the words 9 times. If you are very short for time, it is ok to recite these once each, for a shorter version of the ritual. It is most important to do this RTR frequently, as many times as you can. There are several different pronunciations for most of the letters, [a pronunciation guide can be found at the bottom of the page]. There is Ashkenazi Hebrew, Sephardic Hebrew, Ancient Hebrew, Aramaic and more.

- 5

Performing vibrations can be difficult at first, time is required for this [an MP3 file with the pronunciations can be found at the end of the page for guidance].

- 6

## Valefor's Power Ritual

- 1 This Ritual is based on vibrating the Runes and making certain affirmations. Raising your energies before the Ritual is advised. [Click here for energy raising rituals.](#)
- 2 The Sigil that is provided is the point of focus where this Ritual is upon.

- 4 Vibrate these Runes in a short version [ie, do not draw the runic vibration on a very big breath, especially for those who are new and can't do that many vibrations]. [Click here to pronounce the runes.](#)
- 5 When you affirm that the curses etc. are going back to their senders, it can help to imagine this.

## Terminating Jewish Financial Control #2

- 1 This ritual can be repeated as many times as you wish.
- 2 This ritual consists of 2 parts, this is the first part and each part complements the other. They can be performed either together or separately, as your time permits.

The words below are to be vibrated. They are in Greek. By vibrating these words, this will put a stop to the Jewish control of wealth and finances and shift this power to Gentiles. This will put a stop to a lot of corruption in the world. These Jewish programs masquerading as "religions" keep Gentiles cursed and bound so that Gentiles cannot see the truth and the populace remains brainwashed and under the control of the invisible Jewish Empire. These rituals are destroying the enemy. The more people we have who will be doing this ritual, the better, as there is both strength and power in numbers. This ritual may also be done as often as you like, and is a very good cathartic when you feel anger and hatred towards the enemy.

- 4 Raising your energies before the Ritual is advised. [Click here for energy raising rituals.](#)
