

## Liturgical Prayers: Pathologies

This is a short summary of the [Pathologies](#) to serve as a brief reminder of what each prayer is designed to banish. When we are performing these prayers, read the description as a reminder (if needed), then vibrate the prayer 1 or 3 times, then allow for 2 minutes of silence.

### 1. [Yehuborim](#)

“A theological category of spiritual affliction: those who bear the seal of the Divine upon their name yet are inwardly void of Divine presence, vessels that carry the inscription of God but contain nothing of Him.”

Yehubor = the disease

### 2. [Birburim](#)

“In Zevism, Birburim denotes the active practice of the Yehubor: the utterance of systematic falsehoods against the Gods, the desecration of the Divine Names, and the deployment of religious lies as instruments of spiritual warfare against all who stand outside the circle of the self-proclaimed "elect." If the Yehubor is the condition, then Birburim is the conduct.”

Birburim = the symptoms

### 3. Atibilibil

“The primary operational objective of the Yehuborim and the primary effect of the Birburim: confusion. Specifically, it is the systematic production, cultivation, and weaponization of confusion in the minds of populations in order to render them incapable of independent spiritual perception, historical judgement, or theological discernment.”

Atibilibil = the poison that the disease injects into the body of mankind

### 4. Sahiburah

“The most supreme theological crime: the perpetration of atrocities in the Name of God, the attribution of human criminality to Divine command, and the consequent transference of shame and disgrace upon the Sahu of God before the eyes of mankind.”

Sahiburah = the weaponization of the Divine Name to sanctify bloodshed, and the resulting desecration of God's very Being in the consciousness of humanity

## 5. Varvarim

“The conduct of wars and organized violence performed in the Name of God, or justified by claimed divine authority, resulting in the defilement of God's Name in the consciousness of humanity, the destruction of civilization, the suppression of spiritual advancement, and the perpetuation of cycles of suffering that serve only the interests of those who command the violence but do not partake in it.”

Varvarim = the transformation of all the preceding pathologies into organized, sustained, civilizational violence

## 6. Eilotil

“The systematic theological enslavement of humanity: the conversion of the relationship between Man and God from the natural bond of child and parent into the imposed bond of slave and master. It is the architecture of spiritual subjugation, the system by which free souls are made into serfs of a priesthood that claims to speak on behalf of a God whom it has deliberately rendered inaccessible.

Eitlotil = the condition that all of these pathologies serve to produce and sustain: a humanity that does not approach God as sons and daughters but as slaves. A humanity on its knees, not in reverence but in subjugation.

## 7. Istoriyach

“The organised, systematic fabrication of false history and the simultaneous suppression of true history, conducted for the purpose of sustaining the theological claims of a Yehuboric priesthood and delegitimising the histories, traditions, and spiritual achievements of all other peoples.”

Istoriyach = the lies embedded in the past: the fabrication of an entire historical narrative designed to make the present order appear inevitable, divinely ordained, and eternal.

## 8. Epistemot

“The deliberate killing of knowledge: the denial, perversion, suppression, or destruction of universal laws as expressed through spiritual understanding, scientific discovery, philosophical inquiry, and the practical arts.”

Epistemot = the murder of the capacity to know itself

## 9. Kagoim

“The active practice of dissuading, prohibiting, or preventing human beings from pursuing meditation, spirituality, inner knowledge, or general knowledge, on the false pretext that these capacities belong by right to a select few and that others are inherently unfit to partake in them.”

Kagoim = the foundational claim that the exclusion is not arbitrary but ontological, that certain human beings are, by their very nature, by their blood, by their birth, by the decree of God Himself, unworthy of the light. Without Kagoim, the entire Yehuboric structure collapses.
